

**DUUS &**  
**MØLLERK**  
FURNITURE

MADE IN DENMARK

S/S 2022

At Duus & Møller we are proud to be able to supply Danish made furniture to the entire world. At the same time, we believe that furniture is made to be used – even when it is a beautiful piece of designer furniture.

This is also why we design our furniture, in collaboration with the architects Kamp & Volf, with quality and sustainability in mind, so that we make sure that our customers get to use their designer furniture for many years to come.

## Sustainability

We feel gratitude for the nature that surrounds us, and, because of this, we feel that we have a common responsibility to protect it.

At Duus & Møller, we take on this responsibility by carefully choosing our material and designing our furniture with the intention that it should bring joy for many years to come.

This is also why we exclusively use the best quality wood from FSC certified suppliers, to ensure a sustainable forestry as well as a long lifespan for our furniture.

HIPPO is made from oak, walnut, ash or a combination.

# HIPPO

by Tim Duus Jacobsen | No: DM100

# NORÈLL DESK

by Tim Duus Jacobsen | No: DM375

Natural luxury for the home office or an elegant piece of furniture in your living room.

Available in solid wood oak, smoked oak, ash and walnut.

## Solid Wood

It is a part of our identity, that all of our material has been chosen with care for the future. Because of this, we exclusively use wood from FSC certified suppliers and the best products for surface treatment in our production.

## Craftsmanship

At our joinery in Denmark, all of our furniture is made from scratch. The wood is cut up and processed so that there in the end is a beautiful, handmade piece of furniture – produced with care and minimal waste.

## Our Philosophy

Good quality, craftsmanship and "Made in Denmark" were the key principles that Duus & Møller was founded upon, and it is our ambition to keep working by that mantra.

Our passion for Danish craftsmanship is rooted in traditions and a guiding principle to increase the sustainability of the furniture.

This is why we collaborate with competent architects and combine Danish craft traditions with new ideas from young, talented cabinetmakers. This is to push the limits for the future's furniture production in Denmark, without compromising our core values.

# NORDIC SILENCE

by Kamp & Volf | No: DM600
